

Workshop User Stories

Personas

Novice stock traders want to learn the stock market without spending money.

Long-term investors try new long-term strategies.

(Day trader)

Novice stock trader

As a novice stock trader I want to see this simulated stock market because I want to try stock trading before I actually spend my money.

User stories

- As a novice stock trader I want to create an account to generate a fictive amount of money to be able to buy stocks.
- Buy stocks to build up my personal portfolio
- As a novice stock trader I want to be able to follow my portfolio's development over time to evaluate my performance.
- Sell stocks to earn profit
